Dear Parent(s)/Guardians(s):

As part of an evaluation of your child, we ask that you complete an Adaptive Behavior Assessment System 3rd Edition form (ABAS-3). The ABAS-3 provides a complete assessment of adaptive skills with emphasis on three general areas of adaptive behavior: conceptual, social, and practical.

Scores from the ABAS-3 will be useful in determining how well your child can effectively and independently care for himself/herself, respond to others, and meet environmental demands of home, school, work, and in the community.

Please complete the ABAS-3 Parent/Primary Caregiver form and return to your local school district. If you have any questions about completing the form, please contact the Cornbelt Cooperative (605-271-0218) or the Special Education teacher in your local school district for assistance.

Thank you for your help.
